Custom\$ave Commercial & Industrial Energy Efficiency Rebate Program

Terms and Conditions

Applicable to all rebate requests:

I certify that the information provided on this application form is accurate and complete. I understand that the proposed incentive payment from Danville Utilities is subject to change based on availability and approval. I understand that Danville Utilities reserves the right to revise incentive levels and/or qualifying efficiency levels at any time. I understand that I must attach acceptable forms of proof of purchase and installation details to application or submit to Danville Utilities within 90 days after installation and after equipment becomes operable in order to be eligible for a rebate. Acceptable forms of proof of purchase include paid invoices or receipts. The documentation must show item numbers, and quantities. Additionally, the post-installation documentation must include manufacturers' specifications that list the efficiency ratings of the equipment. I understand that Danville Utilities may, at its sole discretion, accept other forms of proof of purchase. I understand that all installed measures must be new. No refurbished measures will be accepted. All new installations must be intended to replace existing equipment. I understand that installation must be performed by a licensed contractor or self install. I understand that the proposed rebate payment is subject to change, based on site verification and Danville Utilities approval. I agree to Danville Utilities site verification of both the sales transaction and equipment installation, which may include a site inspection by a Danville Utilities representative or Danville Utilities agent. I understand I may or may not be allowed to receive more than one incentive from Danville Utilities. I understand no rebate can exceed the cost of the equipment. I also understand my participation in the program may be taxable and that I am solely responsible for paying all such taxes. I hereby agree to indemnify, hold harmless and release Danville Utilities and its affiliates from any actions or claims in regard to the installation, operation and disposal of equipment (and related materials) covered herein including liability from any incidental or consequential damages. Danville Utilities does not endorse any particular manufacturer, product or system design within this program; does not expressly or implicitly warrant the performance of the installed equipment (contact your contractor for details regarding equipment warranties); and is not liable for any damages caused by the installation and/or operation of the equipment nor for any damage caused by the malfunction of the installed equipment.

A customer's election to participate in the Program means that the customer is consenting to the possibility of Danville Utilities sharing that customer's pertinent information with Danville Utilities' agents, contractors, wholesale power suppliers and PJM LLC. Pertinent customer information includes, but is not limited to account holder name, address, other contact information and other information necessary to implement and monitor the Program. Rebate amounts are subject to regulatory modifications without notice and Program availability until fully subscribed. Projects must be complete before rebates will be paid. Rebates cannot be reserved.

Eligibility Rules

1. Customer must comply with all Terms & Conditions above.

2. Customer must be classified as and served under a Danville Utilities Worship Sanctuary Service (Rate Schedule 15), Small General Electric Service (Rate Schedule 40), Medium General Electric Service (Rate Schedules 50, 55, 56) or Large General Electric Service (Rate Schedules 60, 65, 66) rate schedule.

3. Contractor or vendor must complete Contractor Information section of application, if applicable.

4. Installed measures must be designed to reduce the total electrical system demand. The rebate will be calculated based on the reduction in demand (in kilowatts) as demonstrated through verified calculations or measurements. The energy efficiency project must achieve a minimum electric demand reduction of one kilowatt (kW) to qualify for a rebate or control at least one kW of the commercial facility's electric load.

5. Energy efficiency project must be installed on or after June 10, 2011. Installation or service must have occurred within the past 90 days of application submission.

6. Customer must submit acceptable forms of proof of purchase and installation details. Acceptable forms of proof of purchase include paid invoices or receipts. The documentation must show item numbers, and quantities.

7. **LED Exit Sign Rebate:** Only new LED exit signs replacing an incandescent or fluorescent exit sign qualify. Retrofit kits are not eligible. New exit signs must meet UL-924 requirements and meet all applicable fire codes. Exit signs must use ≤ 5 Watts and have a minimum product life of 10 years or listed as ENERGY STAR® qualified. New signs must be installed on or after January 1, 2012.

Application Instructions

Important: Incomplete application forms will not be processed and will be returned for correction to the submitting party. Read carefully and comply with all the Terms & Conditions above. Please review all items before submission of the rebate application:

1. Complete all parts of the application that are applicable. Please note the following required information which is often overlooked: Customer information including Danville Utilities account number and customer numbers (Danville Utilities account number and customer number are displayed on customer bills together, separated by a hyphen), name and service address as shown on Danville Utilities bills.
2. Submit completed application, proof of purchase and other necessary documents to the contact listed below by mail, email or fax.
